LET'S MEET AT the beach

At Carlton Beach, meetings don't happen between four walls - they come with a sea view, surrounded by sand and dunes. Need a mental reset with a beach walk or a burst of fresh-air inspiration? It's just 20 steps away! Ideal for energizing breaks of creative team-building sessions. Our event planners are here to help and handle every detail. Got bold or unusual ideas? Bring them on - anything is possible!

Looking for something special? At the very top, on the 8th floor, you'll find our most spectacular meeting room. You'll have the entire floor to yourself. With panoramic sea views unlike anywhere else in the building, this space - with a fixed boardroom setup for over 18 people - is the perfect setting for board meetings, brainstorming sessions, or strategy talks in complete peace and privacy. A view that sparks new ideas, fully connected to the inspiration of the surroundings. This place breathes focus.

Meeting with a small group of up to 4 people? That's also possible in our 'Beach Nomad' hotel room.
